Language

- English
- Tamil

Technical Skills

- HTML , CSS & Javascript
- Python
- Java
- SQL
- C/C++

Experience

The Spark Foundation
06/2023 - 07/2023

Basic Banking system website

Experienced in designing and developing basic banking systems using HTML, CSS, PHP, MySQL, and JavaScript. Skilled in implementing core functionalities like user authentication, account management, transaction processing, and reporting. Focused on creating user-friendly and efficient banking solutions that meet the needs of both financial institutions and their customers.

RR TVS Services(Coimbatore)
Two wheeler Service slot booking app

This project outlines a mobile application designed to streamline vehicle servicing. The user-friendly app allows users to conveniently book service appointments and receive automated SMS reminders to prevent missed slots. An optional emergency button provides roadside assistance for unexpected car troubles.

Education

Annamalai University
Bachelor of Engineering and technology
(Computer Science and Engineering)
2021 - 2025

Personal project

- Gate Blueprint (Empowering GATE Aspirants) Only Front-end
- Payment Gateway integration
- BMI Calculator App (Giving suggestion for fit based on BMI

Certificates

- Cloud Computing - Swayam NPTEL
- Social Networks - Swayam NPTEL
- Python - Hacker rank
- Tableau Data visualisation
